Subject: Bob, Karl - do either of you have Bob's Dimock screening table electronically in your blackberries to forward to Dawn this weekend?

I just left unfortunately and I don't seem to have that in email, just my own hard copy. If you do can you send to Dawn?

I want to make sure she has the organics info in addit to the metals info Karen provided today.

Thanks. Lora
Lora Siegmann Werner, ATSDR/CDC Region 3
